

## **Portable Rock Crusher Approval Application Information-Quarries Only**

This packet contains the **EXPEDITED** Application for Construction Approval for portable rock crusher equipment.

In order for a facility to be eligible to use the **EXPEDITED** Application, the facility must be a rock crusher that meets the following requirements:

- For equipment associated with a Class II General Operating Permit and quarry sites.
- For facilities and equipment not using capture systems to vent to a stack.
- Any engines used must be nonroad portable engines.

### **Instructions:**

1. Fill out the **EXPEDITED** Application Form. Include:
  - a. Attachment 1- New Equipment Information
  - b. Attachment 2- Updated Master Equipment List
2. Submit \$750 fee for the Construction Approval. This fee can be paid by check or credit card. For credit card payment, please call 785-296-6024.

3. Submit application form and fee to:

**KDHE Bureau of Air Permit Section  
1000 SW Jackson, Suite 310  
Topeka, KS 66612-1366**

**OR**

Email to [KDHE.BOAPermit@ks.gov](mailto:KDHE.BOAPermit@ks.gov)

**OR**

**FAX to (785) 559-4256**

**If forms are sent by either email or fax, you may either mail the fee or pay by credit card.**

4. Kansas regulations prohibit beginning construction of or operating the equipment prior to receiving air quality construction permits, if applicable.
